Rate Card

03 January 2023

Delivering for your business

International Business Mail is a service with a range of sorting and delivery options which covers Letters, Large Letters and a mixture of post which includes parcels. All these are described in the International Business Mail User Guide and International Personal Correspondence and Non Personal Correspondence User Guide. Once you have selected the options you wish to use, calculate the price using the tables on the following pages.

For more information about International Business Mail and to view the User Guide, please visit **royalmail.com/internationalbusinessmail**

To view the International Personal Correspondence and Non Personal Correspondence User Guide please visit **royalmail.com/international-guides**

Four easy steps to calculate your postage cost.

For each pricing option:

- Multiply the number of items by the price per item
- Multiply the total weight (excluding the bag weight) by the price per kg
- Add these two amounts together
- You then need to add the cost of any supplementary services if using Zero Sort Premium.

Please note: surcharges and remedial charges might affect your pricing. To check the charges that may apply please visit **royalmail.com/surcharges**

All items of non personal correspondence/goods sent to EU* or Rest of World destinations require a fully completed customs declaration (CN22/CN23) and accompanying custom data supplied from an approved shipping solution. Non-compliant items may be delayed or returned to sender.

*Excludes items sent from Northern Ireland to the EU.
